: The Call of the Wild

In the heart of the vast and untamed North Woods, where shimmering lakes reflect the towering pines and the call of the loon echoes through the silent wilderness, there lived a young girl named Margi Preus. From a tender age, Margi's spirit longed for adventure, her imagination ignited by the tales of legendary Voyageurs who traversed these untamed lands in their birchbark canoes.

Embarking on an Enchanting Voyage

As fate would have it, Margi's dream of becoming a voyageur would come to fruition in the most unexpected of ways. In the summer of 1980, at the tender age of twelve, Margi joined the Voyageur Canoe Brigade, a group of dedicated individuals who reenacted the historic canoe journeys of the fur traders and explorers who once navigated these waterways.

Donning traditional Voyageur attire and wielding a sturdy paddle, Margi embarked on an extraordinary adventure that would forever change the course of her life. Together with her fellow voyageurs, she paddled through pristine lakes, portaged over rugged terrain, and encountered the wonders and challenges of the North Woods firsthand.

A Tapestry of Discovery and Transformation

Margi's journey as a voyageur was not merely a physical expedition but a profound journey of discovery and transformation. The solitude of the wilderness, the rhythm of the paddle strokes, and the camaraderie of her fellow voyageurs provided a fertile ground for introspection and growth.

With each stroke of her paddle, Margi delved deeper into the secrets of the North, uncovering the intricate web of life that connected all living creatures. She learned the importance of resilience, perseverance, and the power of human connection.

Through the Lens of Imagination

Margi's experiences as a voyageur ignited a creative spark within her, fostering a deep appreciation for the power of storytelling. Upon returning home, she began to weave her adventures into enchanting tales that captivated the hearts of young readers.

Inspired by the rich history and folklore of the North, Margi's books invite readers to embark on their own extraordinary journeys of discovery and imagination. Through her vivid descriptions and lyrical prose, she transports young minds to a world where the boundaries of possibility dissolve and the wonders of the natural world come alive.
